DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 9/30/09 has been entered.

Response to Amendment

Applicant's amendment to claim 1, 4, 21, and the cancellation of claim 25 filed in the response on 9/30/09 is acknowledged. Currently, claims 1, 4, 6, 10, 13-18, and 21 are pending in this application.

In light of applicant's amendment and remarks, previous 103 rejections of record are hereby withdrawn.

REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance:

Closest prior art of record, taken alone or in combination do not fairly suggest or disclose the presently claimed fabric composition as expressed in the amended claims. Biggin et al.

Art Unit: 1796

(US-600) disclose adding cationic polymer particles having particle size of 10 microns or less into the fabric conditioning formulation. Thus, a skilled artisan would not have been motivated to add polymer particles having particle size of more than 50 μm as expressed in claims 1 and 21. Furthermore, the recited "a mixture of monomers consisting of..." in claims 1 and 21 now precludes the essential recurring unit B in Shulman et al. (US-756). Accordingly, the instant invention as defined by claims 1, 4, 6, 10, 13-18, and 21 is allowable over closest prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Helen L. Pezzuto whose telephone number is (571) 272-1108. The examiner can normally be reached on 8 AM to 4 PM, Monday thru Friday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, David Wu can be reached on (571) 272-1114. The fax phone number for the organization

where this application or proceeding is assigned is 571-273-8300.
